COMMERCIAL PROJECTS

Enterprise Logistics Applications

Limur

Web and mobile logistics tools for dispatching, fleet visibility and operational management; built AG Grid workflows, TanStack Query data flows, Google Maps views and an Expo-integrated Bluetooth service and adapter for the Solar Guard GPS padlock.

Ludus AI

Ludus AI

Commercial web product with paid plans, customer subscription states and production monitoring; implemented Stripe billing flows, webhook processing, Vitest coverage and Sentry/Cloudflare debugging.

The Labz Video Integration

DreamStorm Studios

Cloud-backed access and embedded communication features for virtual events; built Cognito/SSO authorization flows, Zoom Video SDK integration and SES-backed notification paths.

The Labz Event Platform

DreamStorm Studios

Customizable online event and website creation platform; developed Next.js/craft.js event-building features with AWS Lambda, Prisma, SQL and deployment automation.
